Re: Position As alternate on City Planning and Zoning Committee

To Whom This May Concern,

I am writing to express my interest in serving on the City of Craig Planning and Zoning Board. I hope you will strongly consider me for this position.

I am the current owner and daily operator of Craig Physical Therapy. I have been in local business for over sixteen years. It has been a both a privilege and honor to work with hundreds of youth and adults of the same community I was born and raised in and still call my home. I have served in both a professional manner and as a volunteer throughout the sixteen years I have been back home.

I believe my perspective on our community is unique. I have been witness to the rise and fall of the "BOOM" in the late 70s and early 80s. I have been witness to a school system that had a surplus of cash on hand to a system which makes yearly budgetary cuts creating hardship in community relationships, both emotional and financial. I believe having "been there", I could be an asset in helping "do that".

I would enjoy being a part of a solution, taking a step in a positive direction by becoming a member of the City Planning and Zoning Committee. It is a start.

Thank you for your consideration,
